

# TOMÁŠ WRÓBEL

Why should you hire me?

- I can code both solo and in a team.
- TypeScript, C#, Python, Dart and Rust
- Next.js, Tailwind CSS, Ionic, Flutter, Tauri

## About me

I'm an 18-year-old man who loves to code. I can learn pretty much every language, but I focus on web development.

mail@tomaswrobel.dev

Moravian-Silesian Region, Czechia

### Language skills

- English (C1)
- Spanish (A2)
- TypeScript, Sass, Rust, Java, Python, C#, Kotlin, Dart...

### Personality

I take pride in my sociable nature, respect for others, and passion for acquiring knowledge.

## Certificate

### SoloLearn

SoloLearn offers foundational programming knowledge. I began my initial courses at age 12. Among the certificates I've earned are in HTML, C#, JavaScript, Angular, and React.

### Programming Hub

Programming Hub served as an authorized partner of Google Launchpad, offering courses that emphasized advanced competencies. For instance, I acquired skills in JavaScript Advanced, Python Advanced, and C.

### freeCodeCamp

The courses freeCodeCamp provides are focused on abilities and not languages themselves. To be specific, I gained JavaScript Algorithms or Frontend Libraries.

## Education

Grammar School of Wichterle

2018-2026

Maths and Science
