mail@tomaswrobel.dev

708 00, Ostrava-Poruba, Czechia

## Language skills

- English (B2)
- Spanish (A2)

## Personality

- sociable
- respectful to others
- love to learn things
- general knowledge

## Certificates

SoloLearn, Inc.

2020 - 2022

SoloLearn provides basic knowledge of programming. I had taken courses in English since I was 12 years old. For example, I received HTML, C#, JavaScript or React.

Programming Hub

2020 - 2023

Programming Hub is an official partner of Google LaunchPad. It focuses on advanced skills. I gained for example JavaScript Advanced, Python Advanced or C.

freeCodeCamp

2020 - 2021

Courses freeCodeCamp provides are focused on abilities and not languages themselves. To be specific, I gained JavaScript Algorithms or Frontend Libraries.

## Education

Grammar School of Wichterle

Maths and Science

2013-2024

15th most prestigious high school in Czechia („Wichterlovo gymnázium”) adds to general knowledge also more Maths, ICT and Science.

Being extremely difficult, it also provides with extended language classes with native speakers. Moreover, you can choose from individual classes which are led by experts in given problematic.
